

PRELIMINARY AMENDMENT
ACCOMPANYING AN RCE FILING
U.S. Appln. No. 09/848,402

on a printed circuit board to which wire leads are welded (see Col. 17, lines 1-4). Accordingly, the embodiment referenced in the Interview Summary Record represents an embodiment that neither discloses a passenger detector nor the electrodes being arranged on a flexible support made of an insulating fabric and further fails to remedy the prior art reference deficiencies noted in the above noted After Final Response.

Please charge any additional fees which may be necessary with respect to this filing to the Deposit Account of the undersigned, Deposit Account No. 02-4300, and credit any overpayment to said Deposit Account.

Respectfully submitted,
SMITH, GAMBRELL & RUSSELL, LLP
